# WELCOME BACK

We're somehow already halfway through term 1?! Not sure how that's happened so quickly, but it's wonderful to see so many familiar faces alongside a whole bunch of new dance friends at the studio. All classes have settled in nicely with everyone working super hard on their new techniques and I've already seen some massive improvement since 2016!

Two years ago I made the rather odd decision to do a full-time PhD and run a business at the same time (... not the smartest decision, but one that I definitely don't regret!). I'll be working hard to submit it by the end of this year so I have taken a small step back from teaching this year. Though you may not see me around the studio as much as before, I'm lucky to have the most amazing team and teachers on board making Dance Domain the awesome place it is.

I hope everyone has had a fabulous start to term 1 and I can't wait for what the rest of the year holds!
